CERTIFICATE OF COMPLIANCE - ODC Declaration -

Nexperia B.V. certifies that its semiconductor products do not intentionally contain Ozone Depleting Chemicals (ODC's) according to the Regulation (EC) No 1005/2009 (on substances that deplete the ozone layer). In addition, we also certify that the production sites of Nexperia do not intentionally use any ODC listed in Regulation (EC) No 1005/2009 in the manufacturing of its products.

We are aware that each country in which we manufacture Nexperia products for our customers has ratified or otherwise complies with the Montreal Protocol on Substances that Deplete the Ozone Layer (the "Montreal Protocol").

The signature below verifies that the statements above, including but not limited to any product composition data are, to the best of our knowledge, valid and accurate. Nexperia has implemented systems to ensure our products comply with global environmental regulations and laws. However, not all materials in Nexperia's products may have been independently verified regarding substance content. In the event of any issues arising from information in this document, Nexperia's standard terms and conditions of sale shall apply, unless alternate contracts have been agreed upon in writing by both parties.

Nexperia cannot warrant that final products from Nexperia's customers, in which Nexperia products are incorporated, will in turn adhere to this statement.

Dr. Andreas Jantschak
Senior Director EHS & Corporate Social Responsibility
